# When I See Your Face

Andy Fite

Very freely, with tenderness

AMaj9                      A9                      DMaj7/A                      Dm(Maj7)/A

When I see your face                      some-thing in me moves  
When I hear your voice                      gee, but it's a thrill

5                      Asus9                      G6+11                      D/F#                      Dm/F

But I know my place                      and I'm not a fool                      though I  
But I've made my choice                      and I nev - er will                      ev - en

9                      A/E                      E                      F#m7                      B9

want you I don't want to make a craz - y mis - take I don't  
tell you what a spell you have me un - der right now                      How I

13                      1. Bm7                      C#m7                      DMaj7                      E7sus E7                      2. Bm7

want to do what I want to do so bad - ly                      want to do what I

18                      C#m7                      DMaj7                      E7sus E7                      A2                      A

want with you how I won-der who is there with you right now

23                      DMaj7                      A/C#                      Bm<sub>3</sub>                      F#m

Once in a while, I see you smiling that smile at me

27                      G6                      G#6 A6                      F#m7                      B7

Once in a while, I see you and you're all I see.

Improvised interlude ...
